**CORRIGENDUM**

**Subject: Miyar 120 MW Hydroelectric Power Project on Miyar Nalla in District Lahul & Spiti of Himachal Pradesh by M/s. Miyar Hydro Electric Power Company Ltd. –Environment Clearance- regarding.**

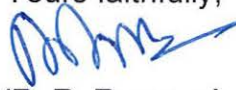

This has reference to the **M/s. Miyar Hydro Electric Power Company Ltd.** letter bearing No. MHHEPCL/Environment/HO/2012-13 dated 31.07.2012 regarding modification of condition at Sl. No. (vii) of part A of the Environmental Clearance (EC) letter of MoEF of even No. dated 30.07.2012. Vide para (vii) of 'Part A Specific Conditions', of the EC letter the following condition was stated:

1. "A minimum water discharge of 1.04 cumecs i.e. 28% of the minimum discharge available during four leanest months of the 90% dependable year shall be released as environmental flow for sustenance of aquatic life and downstream use. Monsoon flow shall be at least 30% of the Monsoon discharge".

**This condition is now replaced as following:**

"A minimum water discharge of 1.04 cumecs i.e. 28% of the minimum discharge available during four leanest months of the 90% dependable year shall be released as environmental flow for sustenance of aquatic life and downstream use. Regarding release of Monsoon flow, the project proponent explained that the average spill during three monsoon months i.e. June, July and August is more than 30% in 31 years out of 33 years for which data has been approved by CWC. Project Proponent shall maintain the same average spill i.e. more than 30% of average monsoon discharge during the three monsoon months."

2. All other terms and conditions of the Environmental Clearance Letter No. J-12011/47/2009-IA. I dated 30.07.2012 will remain unchanged.
3. These issues with the approval of the Competent Authority.

Yours faithfully,  
  
**(B. B. Barman)**  
Director
